

North Suburban Water Works Association
Watercon Scholarship

RE: WaterCon Scholarship

Dear Members,

The North Suburban Water Works Association(NSWWA) develops and supports people, agencies, and organizations that plan, build, maintain, and improve our water systems. Working together, NSWWA and its membership contribute to a higher and sustainable quality of life.

Part of the Association's mission is to help communities understand the critical role that waterworks operations plays in our lives. To fulfill this mission, the NSWWA has created a scholarship program awarded to selected members. The goal of the scholarship is to introduce educational opportunities to waterworks officials who, due to financial constraints, would not normally be able to attend the Illinois American Water Works Association annual educational convention in Springfield(WaterCon). Eligibility for this scholarship is only open to municipal employees and does not include contractors, engineers, sales representatives, etc.

Each scholarship winner will receive one(1) complimentary entrance to the conference for 3 days, and up to \$500 reimbursement for meals and lodging. Reimbursement policy: Rooms are reserved for scholarship winners at the Crowne Plaza. Recipients will be responsible, initially, for making all arrangements and paying for all expenses(travel, lodging, meals).

Sincerely,

Brett Fritzler

NSWWA Treasurer/Secretary

Special Scholarship Chairman

North Suburban Water Works Association
Watercon Scholarship

WaterCon Scholarship Fact Sheet

North Suburban Water Works Association
Watercon Scholarship

WaterCon Description

- The conference is the largest gathering of water professionals in Illinois and is designed to offer exceptional educational and networking opportunities. Attracting over 1,600 people, attendees come from Illinois, Missouri, Indiana, Kentucky, Iowa, Minnesota, Ohio, and even as far away as Texas and Georgia. Attendees from many different disciplines, representing both large and small utilities attend this conference. The exhibit hall will have over 200 vendors with information on a variety of industry products and services. WaterCon will include sessions and learning opportunities with tangible takeaways on a variety of topics important to your community such as potable water, wastewater, storm water, underground utilities, government finances, and regulation updates.
